HEMP GROWERS MAKE APPEAL

WANT UNITED STATES TO TAKE ACTION IN MEXICAN TROUBLE

LARGE PORTION OF CROP THREATENED

Committee Probably Will Discuss Situation With Secretary Bryan Monday

(By Associated Press.)
WASHINGTON, March 20.—A committee of hemp growers from Yucatan, Mexico, and representatives of American hemp importers laid before the State department today an appeal for action by the United States that would terminate the revolutionary troubles between General Alvarado, the Carranza governor of Yucatan, and an opposing faction. The committee probably will discuss the situation with Secretary Bryan next Monday.

The committee said the revolution which resulted in the recent blockade of Yucatan by Carranza threatened the destruction of a large portion of the crop from which most of the harvest binding twine used in the United States is made. The people of Yucatan, they asserted, did not wish to take part in the revolution but were afraid to disobey orders given them by the revolutionists.

Already some sisal, it was said, had been burned. At least two plantations having been destroyed. Other reports received here said sisal had been burned at Merida, Progreso, and other places to prevent it from falling into the hands of the enemy and providing revenue.

M. J. Smith, a hemp importer, told officials it would not be more than a few weeks before the farmers of the country felt the shortage in harvest twine.

The Mexican gunboat Zaragosa at Progreso has not interfered with the movement of vessels, it was said.

An official message said General Alvarado entered Merida yesterday day, the enemy fleeing at his approach. Quiet prevailed at Merida and at Progreso.

Confirmation of the defeat of the Carranza forces at San Carlos was given in official dispatches. A statement issued tonight by the convention agency here reported the capture of Camargo, a border city between Nuevo Laredo and Matamoros, with slight resistance, and added that the defeated Carranza troops continued their flight toward Matamoros with convention troops in hot pursuit.

Details of recent fighting about Monterey reached the agency today in a letter from General Felipe Angeles, commander at Monterey. A large Carranzista force, marching to attack Monterey, were surprised near Paredon and defeated with heavy losses, the statement says. On the following day another Carranzista force, attempting to attack the city from the north and east was repulsed after a severe artillery fire. Perfect order now prevails throughout the Monterey section, General Angeles added.

Charles W. Douglas, Carranza's legal representative here, returned today from a visit to Vera Cruz. "General Carranza told me," said Mr. Douglas, "that the two nations nearest his heart were Spain and the United States. Spain was his native land, he said, and he looked upon the United States as the most advanced nation in the world."

While Mr. Douglas would not discuss the situation in Yucatan, it was learned that General Carranza wished to avoid actual warfare there as his supporters in the State feared that if the Indians who work in the hemp fields were armed an uprising might result later.

DR. MARK SULLIVAN

Well Known Physician Died Yesterday Morning Near Pelzer

Dr. Mark Sullivan, a well known and esteemed physician of Greenville county near Pelzer, died yesterday morning about 5 o'clock at the home of his brother, Mr. Harold Sullivan, at that place. He had been ill for about six months with heart trouble. Some time ago he went to Florida in the hope that the change of climate would be of benefit to his failing health.

Dr. Sullivan is survived by his wife, who was Miss Elizabeth Frierson, of Sumter, and two children.

Dr. Sullivan was a son of Mr. and Mrs. Dunklin Sullivan, the latter being a Miss McDavid of Greenville county, who has several relatives in this county, namely, Mrs. B. F. Guy, Mrs. E. E. Reed and Mrs. Lou Keaton. Mr. A. M. Sharpe of this city is a first cousin of the deceased.

Dr. Sullivan was a graduate of Erskine College, and formerly lived there. His medical education was obtained in a Northern institution, and after graduation he spent several years in hospital work in New York City. He was a brilliant and skillful physician, and a gentleman of sterling character.

The funeral services will be held at noon today, after which interment will be in the family cemetery in Greenville county.

S. J. Duckworth of Williamston was among the visitors in the city Saturday.

Positive Proof That the People Appreciate Good Coal at War Time Prices.

Before we began selling coal in Anderson, the price was \$5.00 a ton. We made the price \$5.00, and we have sold between THIRTEEN HUNDRED and FOURTEEN HUNDRED TONS since November.

We advertised our coal at the \$5.00 price, and then gave the people the best coal for the least money; and they have shown their appreciation by their liberal patronage, so we take this means of thanking our many friends and patrons for their patronage.

We are still doing business at the same old stand, and at the same old price, with the same good old Blue Gem Block Coal, and we will appreciate a continuance of your valued orders.
